RIPPLE FOLD DRAPERY

RECESS INTEGRATED TRACK

The traditional ripple fold drapery with the Recess integrated track is a highly efficient manual system **designed to be integrated directly into the ceiling**, offering smooth and silent movement. Its **lacquered aluminum construction and clickable carriers** ensure performance and durability, making disassembly easier for cleaning.

DIMENSIONS

Max. width: 700 cm

COLORS

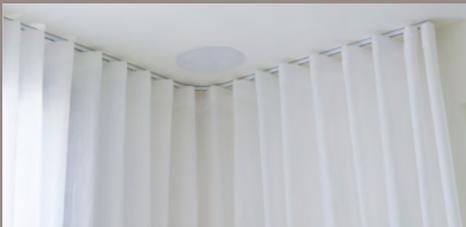

SMART KLICK INSTALLATION

Fast and clean installation with clickable wall or ceiling brackets.

SILENT SLIDING

Smooth movement thanks to anti-friction treatment and UV-protected carriers.

ADAPTATION TO SPECIAL WINDOWS

Curving with a minimum radius of 10 cm for arched or circular designs.

RECESSED INTEGRATION

Compact pre-drilled profile for a clean, discreet, and minimalist finish.
